

## ABSTRACT OF THE DISCLOSURE

A table includes a table top that is preferably constructed from blow molded plastic. The table top includes a top surface, a bottom surface and a pair of spaced apart generally L-shaped brackets. The generally L-shaped brackets can be attached to or integrally formed with the bottom surface of the table top, and the generally L-shaped brackets are preferably sized and configured to attach a drawer to the table top. In greater detail, the generally L-shaped brackets may have a vertical portion and a bottom portion that is sized and configured to support the drawer. Additionally, generally L-shaped angle irons may be connected to the brackets to reinforce the brackets or the angle irons may be used to form the bottom portion of the L-shaped bracket.
